

Mokena Will Vote on School Bond Issue

Will Also Elect Board Members On Saturday

Mokena voters will go to the polls Saturday, April 14, to ballot on the bond issue for a proposed new school.

The present school plant will serve as the polling place and will be open for voting from 12 noon to 7 p.m.

One of the ballot handed them will carry two propositions:

1. Shall the school board purchase the site, which is approximately 500 feet west of Wolf rd. on what would be a continuation of Second st.?

2. Shall the board issue and sell \$110,000 in bonds to pay for the site and the new building?

Another ballot will have this proposition:

Shall the abandoned school property on Front st. be sold?

Action to provide the community with an additional school was undertaken by the board of education because the increase in enrollments has outgrown the present plant. All classes but one have 76 percent more pupils per room and per teacher than recommended by school authorities.

The stage is being used as a classroom and the board is paying \$1,500 a year rent for quarters for the first grade.

The proposed new school, it was explained, would provide four classrooms and an all-purpose room. This last can be converted easily into two regular classrooms later when the need arises, by the inclusion of a simple, inexpensive partition.

The proposed building will be of sound construction, according to the architects, Kruegel, Wilkins, Healy and Moore, but with out frills.

The proposed site is 10 acres in area, ample to meet future as well as present needs, it was stated.

Total estimated cost is \$110,000—\$98,000 for the building, architectural and legal fees, equipment and utilities, and \$12,000 for the site, including the cost of opening a street.

According to a board spokesman, the program will increase taxes about 20 cents per \$100 of assessed valuation. It was explained that the owner of property with an assessed valuation of \$5,000 would pay \$10 more a year in taxes, less than 20 cents a week.

One does not need to be registered in order to vote in the school election Saturday. To be eligible one must be a citizen, 21 years of age or over and a resident of the state one year, the county 90 days and the school district 30 days.

Voting on the bond issue does not end the balloting.

Besides the two ballots dealing with the proposed new school and the sale of a piece of abandoned school property voters will receive three more ballots, one carrying the names of the candidates for the Mokena grade school board, and two dealing with Lincoln-Way high school.

There are two candidates running for two 3-year terms on the Mokena board, Hans W. Mueller and Edwin Yunker. The other candidate, James W. Stewart, is running to fill a two year vacancy.

One of the high school ballots will contain the names of the candidate for that board.

The other ballot will contain a proposition to authorize the school to operate beyond a nine month period.

Brigit Auto Lights Cause Accident

Theodore Oestreich, of Joliet, head of the auto service, clock and safe business bearing his name, escaped injury Tuesday night when he was momentarily blinded by the bright lights of an approaching car and crowded into a parked car.

The accident occurred on Front st., Mokena near Midland st. The car struck by Mr. Oestreich was owned by Henry Luplow and was parked in front of his home. Both cars were damaged but not extensively.

Mr. Oestreich had come to Mokena to visit his sisters, Mrs. Hugh Deadmore and Mrs. William Semmler. He was traveling east on Front st.

A large percentage of accidents that occur at night are caused by drivers who are either careless or sadistic in failing to dim light when approaching cars coming toward them, statistics show.

Four out of fatal auto accidents in rural areas are non-collision accidents. Most of these occur because drivers run off the road. Stay alert when driving on rural highways—don't become a victim of highway hypnosis.

Castaways

The seniors of Lincoln-Way high school are presenting James M. Barrie's comedy "Admirable Crichton," as their annual play this year. There will be two performances, tomorrow night and Saturday night. The setting of the piece is a cannibal island. Members of the cast pictured here are (bottom row, left to right), William Heidrich, Fred Madsen, Diane Hochberger, Mark Shellenberg, Ruth Heimerdinger, Paul Landahl, Sharolka, Carol Larson, Anita McMahon, Marilyn Cooper, Rudy Guzik, Claudia Thomas, Sandy Eden and Ben Hughes.

Senior Play Opens at L-W Tomorrow Night

Friday and Saturday nights the senior class will present the final product of many weeks of hard work and preparation, the hilarious "fantasy-comedy," "The Admirable Crichton," by James M. Barrie. The curtain will rise for the first time at 8 p.m. tomorrow evening. A repeat performance will be given Saturday night, at the same time.

This play concerns an aristocratic English family who, accompanied by their servants, are shipwrecked on a desert island inhabited by cannibals. They find themselves willing slaves of their stout-hearted butler, Crichton, who leads them in converting the desolate island into a comfortable habitat. Upon their return to England, they resume their original positions.

Crichton, portrayed successfully by Bill Heidrich, cuts a handsome figure. He is a dignified, humble, loyal and impassive servant who says: "To me the most beautiful thing in the world is a haughty aristocratic English house with everyone in his place."

Lady Mary, the eldest of the three sophisticated and extremely lazy sisters, is portrayed by Ruth Heimerdinger.

Lady Agatha, played by Janet Korggaard and Marilyn Cooper and Lady Catherine, played by Diane Hochberger and Anita McMahon, are the other two sisters.

Ernest Woolley, fresh from Oxford and quite sure that he knows it all, is played by Paul Padzuika.

The Rev. John Treherne, played by Fred Madsen and Paul Landahl, is more noteworthy as an athlete than a clergyman.

Lord Brocklehurst, a starchy, condescending man, is done by Everett Hauck and Rudy Guzik who definitely establish Brocky's personality with the first on-stage trances. Brocky, it seems, is hopelessly tied to his mother's apron strings.

Lady Brocklehurst, the tyrannical martyr, is portrayed convincingly by Lucille Vostry and Sandy Eden. Lord Loan, pompous, fussy and holding dangerous radical views on equality, is portrayed by Mark Schellenberg. Loam says, "I am a man, as you know, who despises class distinction, and I prove it by having all my servants up here to tea once a month."

Twenny, a between maid, so named because it is she who transfers the dishes from the one end of the kitchen table where they are placed by the cook, to the other end where they enter into the charge of the men servants, is portrayed by Sharon Moede and Sharon Huthens.

Fisher, the devastatingly beautiful lady's maid, who completely immobilizes the male characters, is played by Carol Larson and Sandy Zarse.

The most colorful character of the entire play is Chief Ungawa, which translated means "son of a bull alligator." He is played by Ron Hughes. This chieftain is supreme ruler of his island until it is invaded by the lost and terrified travelers.

Mokena Church Host To Lockport Group Cardinal Will Dedicate School At Orland Park

The Sunday Evening club of St. John's church, Mokena, was host to 80 persons at a potluck fellowship supper last Sunday evening.

The Rev. John M. Phillips, D. D., of the First Congregational church of Lockport, together with 44 people of that church, were guests of the local groups.

After the supper Dr. Phillips and the pastor of St. John's church, the Rev. William J. Riemann, gave short historical backgrounds of their respective denominations which are scheduled to unite into one body next spring.

Dr. Phillips said in part: "It is time to set aside outworn traditions and wishes which are not central to the Christian faith. We are called to take one step toward the unity of the Church of Christ."

Legion Auxiliary
Picks Candidate
For Girls State

Janet Bauch, daughter of Mr. and Mrs. A. C. Bauch of Frankfort will be the choice of Bobzinn Unit of the American Legion Auxiliary to the 1956 session of Illinois Girls State.

The sixteenth session will get under way on the campus of MacMurray college, Jacksonville, June 19th, according to Mrs. Orville Schinkowski, local Girls State chairman.

Janet was chosen because of her qualities of good character, alertness, honesty, leadership and cooperativeness in her school's activities.

The experience of campus living at one of the nation's finest colleges for women, along with the opportunity to learn government by living it daily should provide Janet, the girls' political members of mythical political parties, elect officials to govern them from city, county, state legislature and administration level. State officers' inaugural proceedings offer an exciting evening for the Girls State citizens.

Of the comfort and pleasure of the girls, they have their own post office, bank, canteen, educational and administrative offices. The Jacksonville daily paper covers their activities and is distributed to them. Pictures of all phases of activity are made and available for them. Girls may attend the religious services of their choice.

unusual characters: Tompsett, played by Jerry Moede and Bill Noble; Miss Simmons, by Janice Johnson; Mrs. Perkins, by Claudia Thomas; Jeanne by Diane Ulrich; John by Rich Storm; Thomas by Morris Wade; Rolleston by Don Korggaard; the kitchen wench by Sue Anderson; the stable boy by Harry Johnson; the page boy by Fred Kessler; a naval officer by John Weber and Monsieur Fleury, and the cook, played by Ray Bispig.

These characters find themselves in so many ridiculous situations that this play could be appreciated only by seeing it in first hand. Richard Keeley, the director, and the entire cast are hoping that their efforts are not in vain. They urge all of you to attend and assure you and evening of fun and relaxation.

ANNUAL SUPPER

The Frankfort-New Lenox 4H club will hold their annual potluck supper for all members and their family April 17 at 7 p.m. in the Lions Den at New Lenox. There will be a short program at this time. The supper will take the place of the regular meeting which is usually held the following week.

His Excellency Samuel Cardinal Stritch, archbishop of the Chicago diocese of the Roman Catholic church, will dedicate the new auditorium and classrooms of St. Michael school and the addition to the Sister's convent at Orland Park Sunday morning, April 15.

The dedication ceremonies will precede a solemn mass of thanks giving at 12:15 p.m., at which the Cardinal will preside and deliver the sermon. The Rev. Frank M. Coyle, pastor of St. Michael's, will be the celebrant. The Rev. James V. Moscow is to serve as deacon and the Rev. Carl Schulte, C. M., as sub-deacon.

Dinner for the clergy will follow the jubilee mass. A reception for parishioners is to be held Sunday evening in the new auditorium. Hours will be from 9 to 10 o'clock.

A low mass for school children and members of his family was offered by Father Coyle at 10 o'clock yesterday morning. The Rev. Stanley Rudick delivered the sermon. On Saturday morning, April 14, a solemn mass will be offered at 10:30 o'clock for nuns of various religious communities.

A dinner for the parishioners and Father Coyle was held last evening in the new auditorium, followed by entertainment.

Father Coyle, who was born in Chicago April 18, 1903, celebrated his first mass at St. Anne church, Chicago, April 11, 1931. He attended St. Cecilia school, De LaSalle Institute and Quigley and St. Mary of the Lake seminaries.

Since his ordination Father Coyle has served in the following parishes: Our Lady of Grace (1931-37); St. Barnabas (1937-40); St. Juliana (1940-41); St. Leo (1941-50); St. Joachim (1950-52); and since 1952 he has been pastor of St. Michael's church in Orland Park. He also is in charge of a mission of St. Michael's, Sacred Heart of Palos Park.

Mrs. Ethel Toby, Mother of Frankfort Optometrist, Dies

GOP Vote in Mokena One of Heaviest Cast in County -- Eisenhower Leads Ticket

L-W Voters to Get Two Ballots

Voters in the Lincoln-Way high school election will be handed two ballots when they go to the polls Saturday, April 14.

One will carry the names of the candidates for the two places to be filled on the board this year.

There are but two candidates, both incumbents, James A. Dix and J. J. Straton, and J. Earl Robinson, of New Lenox.

The other ballot carries a proposition to authorize the board of education to operate the school beyond a nine month limit.

Approval of this proposition will permit more flexibility in arranging the school calendar and will not increase the cost of operating the school program.

Several years ago the state legislature passed a law requiring that the 185 days of school that constitutes a school year must come within a period of nine months, unless by referendum the school be authorized to extend the school term beyond nine months.

It is quite possible that several periods of bad weather which would require the closing of school could combine to make it impossible to get the 185 days within a nine month period. It was pointed out, with resultant penalty to the school in state aid. It is also quite possible that under certain conditions which would cut into the school year that it would be necessary to abandon the Christmas vacation, and to commence school prior to Labor Day.

There are four polling places in the high school district, the Mokena grade school, the Frankfort grade school, Haven school at New Lenox, and the Manhattan grade school. The polls will open at 12 noon and close at 7 p.m.

Gilbert A. Doig, 76 Native of New Lenox Township, Dies

Gilbert A. Doig, 76, a native of New Lenox township and a life resident of Will county, died Friday at Silver Cross hospital after a brief illness.

His parents, the late Mr. and Mrs. Alexander Doig, were early settlers in New Lenox area. The homestead was on Maple road.

Besides his widow, Mr. Doig is survived by a daughter, Mrs. Glenn (Mildred) Miller, wife of the city attorney of Lockport, and one granddaughter, a sister, Mrs. Grace Reed, and a brother, Willis, preceded him in death.

Last rites were held Monday afternoon at the Goodale Funeral home in Lockport with the Rev. Robert Mulligan, pastor of the Richards Street Methodist church, Joliet, officiating. Mr. Doig was a member of that church. Burial was in Elmhurst cemetery, Joliet.

L-W Buses Cover 337 Miles Daily

Transportation of students to and from school is a sizeable item in Lincoln-Way high's budget. Exclusive of the cost of the buses themselves, it is estimated the program will cost approximately \$16,000 next year.

The tentative budget that will be adopted later provides \$8,000 for salaries of bus operators and \$10,000 for gasoline, oil and repairs.

Figures submitted to the board at its last meeting by Supt. A. Hunter Chapman show that from the time school began last September until the end of February, 38,432 miles had been traveled by the school conveyances and the total expense for the program in that period was \$11,304.34.

Broken down this shows a cost of 29.4 cents per mile, or \$99.11 a day. There are 400 students who are provided with transportation so that the cost per pupil is 24.78 cents a day. The average number of miles traveled per day is 337.

The state pays a part of the cost of transporting students, up to \$20 per student per year.

Having fun is like having insurance—the older you get, the more it costs you.

The 1956 primary elections have come and gone with a comparatively light vote having been cast in Will county. The total vote was 22,675 according to the unofficial returns with the Republicans casting 13,265 ballots and the Democrats 9,413.

President Eisenhower was a strong choice over Stevenson, 12,016 to 6,535, heading the Republican ticket, and Morris B. Sachs, Chicago city clerk and clothing merchant, who defied the Cook county Democratic organization to run for governor, beat Herbert C. Paschen, Cook county treasurer, in Will county 6,114 to 1,918 but lost out in the state as a whole. Sachs ran well against but Paschen piled up too great a lead in Cook county for him to overcome. Straton was an easy winner for the GOP gubernatorial nomination.

Republican office holders in Will county were without opposition in the primary but the Democrats had a contest with the Francis J. Loughran, who won three nominations, recorder, circuit clerk and coronator.

Prior to the election it was

when it organized.

Robert M. Maue was elected
Democratic committeeman in Mo-

**Will Discuss
Area Needs at
Joliet Tuesday**

The Will county board of su-
pervisors and top officials of
all cities and villages of Will
county have been invited by
Meade Baltz, chairman of the
Will county board of supervisors
to meet with the members of the
northeastern Illinois metropol-
itan area local governmental ser-
vices commission in the Will
county court house at 2 pm. Tues-
day, April 17, Rep. Paul J. Ran-
dolph, (R), chairman of the com-
mission, and Leverett Lyon, ex-
ecutive director, announced to-
day.

This is the sixth of a series of
some eight meetings which the
Commission is conducting in
suburban areas for the mutual
discussion of governmental prob-
lems and governmental serv-
ices, viewed on an area wide ba-
sis.

At all of its meetings the com-
mission has discovered an earn-
est interest in the possibilities of
considering governmental prob-
lems which affect the area as a
whole and has gathered many
suggestions and recommendations
which may be translated into
legislation.

The twenty one member com-
mission, created by the 69th Il-
linois general assembly, is a rep-
resentative body, consisting of
five state senators, five state rep-
resentatives, five members ap-
pointed by the governor, and
six members appointed one each
by the mayor of Chicago, and
by the president of the county
boards of Cook, Will, DuPage,
Lake and McHenry counties.

Although the commission is au-
thorized to study all local gov-
ernment functions, it is currently
emphasizing the problems of wa-
ter supply, sanitation, drainage
and re-use disposal.

Similar surveys have either
been made or are being made in
many of the metropol-
itan areas throughout the United
States. The methods by which
their particular problems have
been handled has varied, de-
pendent upon the peculiarities
of the region involved.

The commission is required to
make recommendations to the
1957 session of the state legisla-
ture.

**Funds Needed to
Combat Cancer**

The 1956 American Cancer
drive is now underway in Moke-
na and will continue thru the
month of April. Mrs. George
Carlisle and Mrs. Herbert J.
Wrath are chairmen.

Assisting as volunteer work-
ers who will solicit funds are:
the Mesdames Donnell Bost,
Henry Fee, George Bills, Edwin
Yunker, Marsha Miller, Kath-
erine Owens, Eleanor Devlin, Cle-
ment Watkins, John Chisholm,
Arthur Omland, Kenneth Cor-
niels, William Steen, Eric Jac-
obson, Ralph Howell, Norval
Robinson, Fred Ricketts, John
Rosenner, Hans Mueller, William
Hilde, Lloyd Warning, Phillip
Yetton and Miss Joyce Cum-
mons.

The dollars that are being given
and will be given may mean the
difference between a living,
loving family and death. A gen-
erous contribution will finance
the spread of educational infor-
mation that may save many lives
and will help bring improved
medical services to patients, al-
ready ill with cancer.

Since cancer will strike one in
four Americans, the disease calls
for thoughtful action from every
one.

**Clean Farms are
Safer Farms**

Before the busy spring seasons
starts, clean up the hazards that
have accumulated around your
farm this past winter.

Every farm family should
plan a "spring cleanup" all
around the farm, says O. L.
Hogsett, extension safety spe-
cialist at the University of Il-
linois college of agriculture.

"A place for everything and
everything in its place," is a
good safety slogan. Disorder
around the farm and home is
responsible for hospitalizing one
out of every five accident vic-
tims.

Check your farm shop. Make
sure that tools are in good re-
pair and in their right places.
Remove the accumulation of
scrap metals and debris and
trash, such as paper, packing
boxes and boards, that are fire

hazards and ideal hiding places
for rats.

At this season many barns
have become cluttered with
things used during the winter.
With the coming of spring it
is important to find suitable lo-
cations or storage space for feed,
tools and other equipment to
keep alleyways and work areas
clear. A little cleanup now not
only will provide a healthful
environment, but will help to
save time and manpower thru-
out the coming farming season.

**CHRISTIAN SCIENCE
CHURCHES**

The scientific unity of God
and man, as taught by Christ
Jesus, will be set forth at
Christian Science services Sun-
day, April 15.

Keynoting the Lesson-Sermon
entitled "Doctrine of Atone-
ment" is the Golden Text from
John (3:17): "God sent not his
Son into the world to condemn
the world; but that the world
through him might be saved."

The following passage will be
among those read from "Sci-
ence and Health with Key to
the Scriptures" by Mary Baker
Eddy: "Attonement is the exem-
plification of man's unity with
God, whereby man reflects di-
vine Truth, Life, and Love.
Jesus of Nazareth taught and
demonstrated man's oneness
with the Father, and for this we
owe him endless homage" (18:
1-5).

Reading from the Bible will
include the following (Luke 1:

68): "Blessed be the Lord God
of Israel; for he hath visited
and redeemed his people."

Studies show that a majority of fatal pedestrian accidents occur near the victim's home. Pedestrians should remember to obey traffic rules at all times, not just when a traffic officer is present. Always cross at intersections and never cross between parked cars.

Love's a lot like eating mushrooms. By the time you find out whether it's good for you, it's too late.

ALPINE

Mrs. E. Mrosek

Joseph Einhaus of Public Service Co., Joliet, accompanied by William Whiteside, Tinley Park will give instruction and a demonstration in electricity at a meeting of the Orland Boys 4H club to be held at Maue school, April 16 at 7:30 p.m. It should be noted that the meeting will start a half-hour early. The program promises to be of exceptional interest to members and parents who wish to attend.

The last meeting of the 4H tractor maintenance program was held at the Martin Implement dealers in Orland Tuesday evening. Other dealers who have helped with this program were Goodson Implement Co. in Tinley, and Yunker's Implement Co. on 159th st. Instructors for the program from this area are Walter Bernard, Orland Boy's 4H leader, and Albert Reeves.

About School Elections
In the excitement of the primaries, this past week, it should not be forgotten that elections for school directors will be held Saturday, April 14.

With elections at hand it would be interesting to note some of the "advice and assignments" left by the White House Conference to the citizens of the United States. "If the public schools are to be improved," as contained in the Cook county Educational Digest for January. They are:

Understand the school system. It is the obligation of the citizen to understand the essential character of the school within our society.

Select board members wisely. Board members should be selected because of their ability and not because they represent special interest groups; they should be non-partisan.

Serve on committees. The citizen has the responsibility to serve on citizens' committees working positively in behalf of the schools.

Mr. and Mrs. Albert Reeves were Sunday dinner guests of Mr. and Mrs. Roy Jones in Riverdale.

Cub Scouts, den 5 pack 218, held their regular weekly meeting in the John Cruise home, Thursday afternoon. Further work on their bird project was done.

A fine time was had by all who attended the square dance, sponsored by the PTA, at the school Friday evening. It was the last dance of this school year.

Bremen Nine Swamps Sandburg High

THE NEWS-BULLETIN
Section 1 Page 8 Thursday, April 12, 1956

Victors Slam 13 Hits, Limit Losers to One

Bremen high nine pounded out a 11-4 conference victory over the Carl Sandburg Eagles on the Braves' diamond Thursday afternoon, April 5.

Paced by the one hit pitching of Wayne Buttery, and Ron Dzenick, the Bremen sluggers collected 13 hits, including one double and two triples, off the hurling efforts of two Sandburg hurlers.

Untimely Bremen miscues handed the Eagles four unearned runs.

Jumping off to a 5-0 lead after two innings of play, the Bremenites had little trouble in capturing their season's opener.

Buttery aided his own cause by driving in four of his team's 11 runs.

St. Jude's School Pays Tribute to Cagers at Dinner

St. Jude's basketball team was honored at a banquet in the church hall, Thursday evening at 6:30 p.m., given by the parents of the boys. The four sisters of the school were also guests.

Fr. Denis Hall, O.F.M., pastor was the Toastmaster. Speakers included Dennis Kervin, coach of the team and Lester Brown who assisted Mr. Kervin during the season. The consolation trophy which the team won during the recent tournament at Haven school was presented to the school by Capt. Buster Brown. Co-Capt. Larry Surges thanked the parents for their encouragement during the season.

Table decorations in the school colors, gold and maroon, included nameplates of nutcrackers with miniature basketball players on top.

Assisting the mothers with the serving were the cheer leaders—Janet Lord, Janet Wise, Margie Tomany, Annis Weber and Kay McCure.

Members of the team who attended with their parents were: Joe Beaupre, Buster Brown, Jim Peltzer, Don McGowan, Howard Mann, Mike Merfeld, Ronnie Miller, Dennis O'Connor, Larry Surges, Bernard Wahl, Pat Warren and Bob Wondrasek.

Prize Winner
Mr. and Mrs. E. C. Olsen, who reside at Edmund and Francis sts., New Lenox where they maintain boarding kennels and stables, are well pleased with the horse shown here by Mrs. Olsen.

The horse, Ginger Play Girl, a handsome bay, registered saddlebred mare, was purchased by the Olsens about a year ago. She has won three blue ribbons as well as other awards since. Mrs. Olsen is holding one of the trophies in the hand not holding the horse. Ginger Play Girl has won prizes locally in the shows conducted by the New Lenox Riding club and the Woodland Stables at Orland.

The Olsens also own Dare-A-Lee who also has accounted for numerous prizes. They also board several horses as well as all kinds of dogs. In addition to boarding dogs the Olsens raise cocker spaniels. They have a champion sire in Timber of Shady Acres, a red and white fellow.

Mr. Olsen was one of the founders of the Stone City Kennel club and its obedience trails and may be heard over radio station WJOL, Joliet, every Friday afternoon at 5:30 o'clock. His program deals with pets.

Legion to Show Baseball Film At Orland Park

A sound movie, "Play Ball, Son," is to be shown by Orland Park post, American Legion as a part of its Junior Legion baseball training program this spring.

The movie, which was made available by the Ford Motor Co. thru Cooper Brothers, is to be shown at the Legion hall the night of April 25 at 8 o'clock.

It covers such points as batting mechanics, fielding—infield and outfield—covering the bases and the first principles of pitching and catching.

All these fundamentals are taught by Joe Cronin, one of the baseball greats, who prepared the film.

The Orland Park post is sponsoring a Junior Legion ball team again this year and all boys in the area between the ages of 14 and 18 are eligible to try out. Applications will be taken the night of April 25.

All boys, parents and friends interested in baseball are invited to see the movie and to receive first hand information on trying out for the team.

A number of men in the major leagues today got their start in Junior Legion baseball.

The Junior Legion teams have a chance to play for district, state, regional and national titles.

Business and Finance

Maurice P. Angland
Inflation or the continuing price increases and lowering of the purchasing power of the dollar—when will it end? That is a rather common query.

Erosion of the purchasing power of the dollar, has been going on for many years. Dr. Benjamin Graham, Lecturer in Finance at Columbia University, points out in his "The Intelligent Investor" that the price level rose more from 1900 to 1925 than it did from 1925 to 1950. Yet during this half century there have been several periods of deflation—including the unprecedented collapse of 1929-1932. Due to the 1929-1932 collapse, Congress made several changes in our monetary laws with a view to controlling such a collapse in the future.

The Gold Reserve Act of 1934
The Federal Reserve Act of 1935
The Full Employment Act of 1946
The Gold Reserve Act of 1934

removed the obligation of the Federal Reserve Bank to maintain unrestricted gold convertibility and thereby the restrictions on the amount of money that could be issued. The Federal Reserve Act of 1935 placed control of the money supply in the hands of the newly created board of governors of the Federal Reserve System. The last of these statutes, the Full Employment Act of 1946, directs the Federal Reserve Board of Governors to encourage and maintain a high level of wages and employment thru control of contraction or expansion of money and credit. This means that control of money supply is now in the hands of politically appointed agents rather than, as formerly, in the control of bankers.

David L. Babson & Company, Investment Counsel, write in commenting on these legal changes, "Since (a) the public will not accept deflation (lower wages, lower farm prices, lower business profits) and (b) deflation means the elimination of the party in power, the politicians will vote to increase the money supply (and depreciate the dollar) whenever there are signs of an incipient recession now that there is no automatic bar to such increase. Hence, investors have a sound basis for carrying a larger portion of their assets in dollar depreciation hedges such as common stocks, than in previous eras."

The United States Steel Corporation in its last annual report points out two basic "roots" for inflationary tendency in this country. The first being the existence of industry wide labor organizations with power to bring on industry-wide strikes and try to out-do each other in elevating costs of labor in their respective industries. The second is the money supply must be inflated (under full employment policy) fast enough to accommodate employment cost in case of employment inflation brings about the natural result of pricing some of the people out of their jobs.

April 2, 1956 Newsweek Magazine lists commodity price increases since March, 1955 as:

Steel scrap up 34 per cent;
Copper up 40 per cent; Aluminum up 5 per cent; Pulp and paper up 8 per cent; Tin up 11 per cent; Lead up 7 per cent; Lumber up 6 per cent; Cement up 7 per cent; and Rubber up 9 per cent.

G.A.A.
By Ruth Heimerdinger

The G.A.A. has a busy schedule for this spring. Among the activities are a play at Oak Lawn Community High School. The tentative date has been set as April 21.

Another important play date is the date for the eighth grade playday sponsored by the Lincoln-Way G.A.A. The playday is for all the eighth grade girls in the district. At last count there were eighty-eight girls who have said they planned to attend.

May 12 is the date set for the G.A.A. mother-daughter banquet. The time will probably be 6:30 p.m. The program, so far as planned, is for entertainment presentation of awards and announcement of next year's officers.

Student Council Elects Officers

An election of officers was held by the student council, Tuesday, April 3. The results were as follows: Ron Knakmuhs, president; Garrett White, vice president; Dave McQuire, secretary; Marilyn Sayer, treasurer; Jim Warning, parliamentarian and Bev Lauffer, publicity chairman.

The new officers will take office the third week of May. At this time next year's newly elected members will have voting power.

The week of April 22-28 has been set aside as student council week. During this period the members of the council will conduct several activities to better acquaint the student body with their work.

National Honor Society

The N. H. S. held its annual initiation ceremony at an assembly on Thursday, March 29, in the gym. Diane Batson, president, conducted the initiation. The table was attractively decorated with a bouquet of yellow roses and five candles, symbolizing Life, Character, Scholarship, Leadership, and Service.

Brief talks were given by Rudy Guzik, Jane Johnson, Jim Cooper and Yvonne Piepenbrink on the above qualities. Eleven junior members were initiated into the society. Only ten per cent of the enrollment of the junior class are eligible for membership but only those members with an 85% grade average may be admitted.

The new members were selected by the faculty who evaluated them according to the four characteristics given above. Juniors honored were: Janet Bauch, Bruce Damerell, Janet Feil, Beverly Jones, Ron Knakmuhs, Shirley Kule, Andree Ledebuhr, Allan Mager, Donna Rae Meyer, Darlene Wahl and Denny Wheeler.

Number Lover's Corner

Last week's answers:
1. The young woman's father married the sister of the man to whom his daughter was married.
2. More than 54 feet.
3. There are two alternate solutions:

- A.
1. Kamma - Borjums
2. Pigma - Borjums
3. Sketa - Borjums
4. Pelta - Borjums
B.
1. Pigma - Borjums
2. Kamma - Borjums
3. Sketa - Borjums
4. Pelta - Borjums

New problems presented for this week's enjoyment.
1. What number is as much greater than 36 as it is less than 94? Figure this out by trial and error, taking one figure after another until you find the right one.
2. This puzzle is to find an even number between 500 and 700, which is equal to one-half the sum of all the smaller numbers that are its exact divisors. Just as a hint, the number is in the 600's.

ZUFFERS AND ZEAKLES
3. According to Professor T. Seven Simpson, there are over a million ZAFFONS in a dirp of ZOOP. Though he claims that the ZAFFON is the smallest

thing discernible through a microscope, he has been able to establish (by some other means) that:

1. ALL ZAFFONS have ZUFFERS, but none has more than 10.

2. ALL ZUFFERS have ZEAKLES, but none has more than 10. Taking all these facts into consideration, reason out which of the statements below are positively true, and which are possibly false, about a drop of ZOOP.

A. Thousands of ZAFFONS have exactly the same number of ZUFFERS as thousands of other ZAFFONS.

B. Thousands of ZUFFERS have exactly the same number of ZEAKLES as thousands of other ZUFFERS.

C. Thousands of ZAFFONS have exactly the same number of ZUFFERS, each of which contains exactly the same number of ZEAKLES.

D. Thousands of ZAFFONS contain exactly 5 ZUFFERS.

E. Thousands of ZAFFONS contain just 25 ZEAKLES.

Simply note "true" or "false" opposite each statement after you have used enough logic, reasoning, and arithmetic to satisfy yourself that you're not just guessing.

Here's Chance to Win Home Ec. Scholarship

Illinois high school graduates who are interested in studying home economics at the University of Illinois may win a four year tuition scholarship by taking an examination on Saturday, April 28.

To be eligible for a county scholarship, a student must be in the upper 50 per cent of her high school class or have a 3.5 average from another college.

Students may become candidates for more than one of the scholarships by taking the examination, they should check on the information blank the scholarships for which they wish to compete.

Retailers Find Newspapers Are Best Advertising Medium

Writing in a journal published by New York University's School of Retailing, Irving Settel reports that retailers are spending record amounts of money on newspaper advertising—but are chary of the inducement offered by television. The main reason is that retailers believe that "newspaper advertising still produces the greatest number of customers for every dollar spent."

The printed word is still the best means of communication yet devised.

One of the county's largest gas companies estimates that the average cost of water heater service increases over 400 per cent for families lacking the benefits of soft water.

Scales, one of the evils of hard water, acts as an insulating agent, preventing heat from getting through. This causes a needless waste of fuel.

Soil is venerable: it is precious; it is wasted. Scientists estimate that it takes 500 to 600 years to build one inch of topsoil. Since the day of the Pilgrims, a scant one half inch has been made. The life giving six inches of topsoil predates the birth of Christ by more than 100 years. Yet thoughtless tillage may cause this gift of centuries to be lost in a short 25 years. The soil built since the day of the Pilgrims may be washed away in only two or three years.

George McKibben, creps and soils specialist, has the responsibility of establishing permanent pastures on the Big Wells tract University of Illinois Dixon Springs station. The Big Wells tract has a problem. Nearly one third of its 80 acres is one long, steep, continuous slope, falling off as much as 9 to 10 feet in every 100 feet. We thought George was exercising real caution when he plowed only alternate, narrow bands across the hillside, leaving green sod buffer strips to catch moving soil and to slow the downward rush of water.

The Illinois Game Code makes it unlawful to pursue wild birds or animals protected by the code from April 1 through August 15 of every year. The code also provides that raccoon hunting dogs shall not be trained by pursuit of such game between April 1 and September 1.

In calling attention to dog owners and handlers to these provisions of the code, Director Glen D. Palmer of the Department of Conservation pointed out that field trials may be held during these closed periods by getting a permit from his department. Such trials are allowed only during daylight.

In Spring, Some Young Men's Fancies Turn to Auto Larceny

It's spring again and some of the 61 auto thieves said opportunity was the principal reason for the theft. Nothing aids a car thief's opportunity more than leaving your car unlocked. If Cook county figures are typical of car thieves in general, the average offender is a youth between 14 and 16 years of age with no previous police record. Records show that three-fourths of the thieves will admit their purpose in stealing the car while the remaining quarter will say they "just took it for a ride."

In addition to keeping your car locked, the Chicago Motor club recommends that motorists record automobile and engine serial numbers and the serial numbers of your tires, radio, heater and other accessories. This will aid local police officials to apprehend thieves of autos and auto parts. A record of this sort will also facilitate the return of stolen property to the rightful owners.

According to a survey of 61 auto thieves who were apprehended in Cook County, only two force entry into the autos they stole; two others gained entry by other means, and 57 took cars which had been left unlocked by their drivers. Sixty white cloths, and centered with vases of jonquils and pussy willows. After the breakfast, slides were shown by Jacob Krapf of Manhattan of his trip to the Holy Land.

To Cut Calories**

Since overweight is one of the serious factors affecting persons with heart disease, a series of low-calorie food demonstrations are to be sponsored by the Chicago Heart Association and offered free to all overweight persons in this community who have their physician's recommendation for weight loss.

The first of these demonstrations, the preparation of low calorie meat recipes, will take place in the auditorium of the People's Gas Building, 122 South Michigan ave. at 2:00 p.m., Wednesday, April 18. Miss Evelyn Berger, senior home economist, Wilson and Co., will demonstrate. Preparation of low calorie desserts, vegetables and salads, and breads will be demonstrated on each succeeding Wednesday for the next three weeks, at the same time and place.

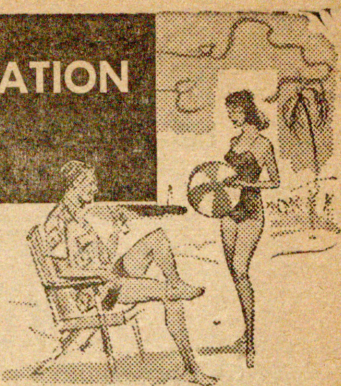

Demonstrators are Miss Madge Little, home economist, American Meat Institute Foundation. Free recipes for all the low calorie dishes prepared and many others will be distributed at the demonstrations. Further information may be obtained from the Chicago Heart Association, 69 West Washington Street, Financial 6-4675.

The Chicago Motor club reports that half of all pedestrian accidents occur at intersections which are equipped with traffic lights. Most of these accidents take place because the pedestrians cross against the lights. Remember traffic lights are there for pedestrians as well as motorists.

Simplified design is the secret of providing quality with economy in the John Deere "RW" Disk Harrow.

The "RW" is a rigid wheel-type disk harrow built to handle the same disk jobs with the same efficiency as many higher-priced units. In plowed ground, stubborn stalks, tough stubble, the "RW" fills the bill completely. It's a harrow that does outstanding work in all ground conditions, with the rubber-tired wheels serving as depth gauges in soft ground and with built-in weight pans to accommodate extra weight in tough conditions or where additional penetration is desired.
